

TE GLOBAL TERMS AND CONDITIONS OF PURCHASE

Revised August 2019

1. Scope

These TE Global Terms and Conditions of Purchase shall be applicable to all Purchase Orders (“Order(s)”) placed by a TE Entity, unless otherwise specified on the face of a Purchase Order. A TE Entity is an entity within the TE Connectivity Ltd. family of companies, which shall include all direct and indirect subsidiaries and affiliates of TE Connectivity Ltd. Once accepted by Seller, these terms and conditions form a valid and enforceable contract between the TE Entity issuing the Order (“Purchaser”) and Seller. Purchaser and Seller are individually hereinafter referred to as a “Party” and collectively as the “Parties.”

2. Acceptance

Acknowledgment or shipment of any part of this Order, or performance of the work called for by this Order, shall be deemed an acceptance of this Order and agreement by Seller to be bound by and comply with all terms and conditions set forth or referenced herein and on the face of this Order and on attachments hereto. This Order does not constitute an acceptance by Purchaser of any offer to sell, any quotation, or any proposal. Reference in this Order to any such offer to sell, quotation, or any proposal shall in no way constitute a modification of any of the terms and conditions of this Order. This Order constitutes an offer by Purchaser, the acceptance of which shall be expressly limited to the terms and conditions stated herein. **AN ATTEMPTED ACKNOWLEDGEMENT OF THIS ORDER CONTAINING TERMS AND CONDITIONS INCONSISTENT WITH OR IN ADDITION TO THE TERMS AND CONDITIONS OF THIS ORDER IS NOT BINDING UPON PURCHASER UNLESS SPECIFICALLY ACCEPTED BY PURCHASER IN WRITING.** In the event of a conflict between these Order terms and conditions and the terms of any supply or services agreement between Purchaser and Seller governing the same subject matter hereunder, the terms of that supply or services agreement shall supersede these Order terms and conditions. Stenographic and clerical errors and omissions by the Purchaser are subject to correction.

3. Price

If Seller’s price or the regular market price of the items covered hereunder is lower than the price stated in this Order on the date of shipment of the item, Seller agrees to give Purchaser the benefit of such lower price on any such item. No charges for transportation, boxing, crating, etc., are allowable unless Purchaser has previously approved.

4. Default and Delays in Shipment

Time and rate of delivery are of the essence in the performance of this Order, except in instances of delay which are due to causes beyond the reasonable control and without the fault or negligence of Seller and its Sellers. Purchaser may by written notice of default to Seller (a) terminate the whole or any part of this Order in any one of the following circumstances:

(i) if Seller fails to make shipment of items or fails to perform the work within the time specified herein or any extension thereof; or (ii) if Seller fails to comply with the other terms and conditions

of this Order; and (b) procure upon such terms as Purchaser shall deem appropriate, items or services similar to those so terminated, in which case Seller shall continue performance of this Order to the extent not terminated and shall be liable to Purchaser for any excess costs for such similar items or services and any expenses incurred in connection therewith. Seller shall indemnify and hold harmless Purchaser for all costs, expenses and damages, whether direct, indirect, incidental or consequential, arising from Seller's default.

5. Force Majeure

Neither Party shall be held responsible for any delay or failure in performance of any part of this Order resulting from any Act of God, fire, flood, explosion, war, strike, embargo, government requirement, civil or military authority, nature or the public enemy or any other causes not foreseeable or beyond the control of the Party whose performance must be suspended or excused, provided that such delay or failure in performance could not have been prevented by reasonable precautions, and such non-performing or delayed Party gives the other Party prompt written notice of the Force Majeure. Events such as delays in transportation, inability to obtain goods or materials, or other forms of supply disruption shall not constitute Force Majeure and shall not be an excuse to performance. In the event of Force Majeure, the non-performing Party shall use its best efforts to recommence performance whenever and to whatever extent possible without delay, including through the use of alternate sources, workaround plans or other means. If a Force Majeure Event or other similar extraordinary event causes Seller to allocate limited resources between or among Seller's customers, Seller shall not provide to any other customers of Seller priority over Purchaser. If Seller's delay or nonperformance continues for a period of at least thirty (30) days, Purchaser may terminate, at no charge, this Order.

6. Inspection

All items and services (collectively "work") shall be received subject to Purchaser's inspection. Items that are defective in workmanship or material or otherwise not in conformity with the requirements of the Order, including any applicable drawings, specifications, samples and other descriptions provided to Seller, may be rejected and returned at Seller's expense or may be accepted at an appropriate reduction in price. Purchaser, in addition to such other rights, remedies and choices it may have by contract or by law, at its option and sole discretion, may require Seller to promptly replace, repair, or credit Purchaser for rejected items and, if Seller fails to promptly replace or repair, Purchaser may replace the items elsewhere and charge to Seller the additional cost. Seller shall indemnify and hold harmless Purchaser for all costs, expenses and damages, whether direct, indirect or consequential, arising from Seller's failure to provide conforming items. Purchaser shall have the right to evaluate the work furnished pursuant to this Order for compliance with the applicable drawings, specifications, samples and other descriptions that are given Seller in connection with this Order by Purchaser. Seller shall provide Purchaser and its customer(s) with free access to the work performed under this Order, for the purpose of inspection thereof. At any time during the progress of the work, Purchaser may reject any or all of the work if the same are not in accordance with this Order and shall give written notice to Seller of such non-compliance. Seller agrees to correct, at its expense, each error or defect leading to such rejection and resubmit the corrected work to Purchaser within seven (7) business days, or other mutually agreed upon date, after receipt of notice from Purchaser of such error or defect.

7. Warranty

7a. Seller warrants that all items and work will conform strictly with applicable drawings, specifications, samples and other descriptions (including Purchaser's: [TE] *Total Quality Management Requirements for Suppliers*, TEC-1005; Environmental Standard, TEC-138-702; Seller Requirements for the Elimination of Hazardous Substances; and the International Standards for Phytosanitary Measures, Publication No. 15) that are made available to Seller in connection with this Order by Purchaser via the TE Supplier Portal at <https://supplier.te.com> or by any other means made available by Purchaser, as well as any applicable law. Seller warrants that all items and work will be merchantable and free from defects in design, materials and workmanship and, if not of Purchaser's design, be suitable for the purpose intended whether expressed or reasonably implied. The foregoing warranties shall survive acceptance and payment and shall run to the Purchaser, its customers and the users of the item or work. Remedies for a breach of the warranties herein may include, but are not limited to, repair or replacement at no cost to Purchaser, or reimbursement of the purchase price of nonconforming items, at Purchaser's election. Seller shall be responsible for the cost of labor and engineering assistance or development required to make the repair and all associated costs such as, but not limited to, shipping and customs and services that may be required to make the repair. For the avoidance of doubt, the Seller shall pay to the Purchaser all the reasonable out of pocket expenses (if any) incurred by the Purchaser in testing or examining any part of the products for the purpose of or in connection with this clause or in or about or in connection with the making good, replacing or repairing any part of the product if the cause of failure is attributable to the Seller. It is the responsibility of the Seller to show that the failure cannot be attributed to the Seller.

(i) Any defective part repaired or replaced during the warranty period shall itself be subject to a further warranty period of the balance of the original warranty period, or an additional two (2) years, whichever is greater.

(ii) The repair or replacement of any faulty unit or product includes the delivery to the Purchaser of a descriptive report of the fault found and, when appropriate, of the repair carried out on such faulty unit or product.

(iii) The maximum period for repair of the units (including shipping and customs clearance) shall be one (1) year or as defined in the requirements provided by Purchaser in its request for quotation ("Requirements"), whichever is earlier.

7b. Seller further warrants that it has and will transfer to Purchaser clear and unencumbered title to the items.

7c. Seller shall indemnify and hold harmless Purchaser for all costs, expenses and damages, whether direct, indirect, incidental, or consequential, arising from a breach of this warranty or any other term or condition of this Order.

7d. Each Party represents and warrants to the other that:

(i) it is duly organized, validly existing and in good standing under the laws of the country and/or place of its organization,

(ii) it has all requisite power and authority to enter into and perform its obligations under this Order,

(iii) this Order is a legal, valid and binding obligation enforceable against such Party in accordance with its terms,

(iv) it has taken all requisite corporate action to approve the execution, delivery and performance of this Order; and

(v) its execution of and performance under this Order shall not violate any applicable existing regulations, rules, statutes, or court orders of any local, state or federal governmental authority, court, or body.

7e. Seller represents and warrants to Purchaser that:

(i) as of the date of this Order, Seller is not aware of any quality issues with respect to the product that would cause the product to fail to meet the specifications including, but not limited to, exceeding the expected rate of failures over the product design life time, and that if Seller becomes aware of any quality issue in the future it will immediately notify Purchaser;

(ii) Seller shall provide 90% confidence estimate of the failure rate of the unit under the operating conditions given in the Requirements along with the predominant expected failure modes. If the unit is an assembly, this information shall be provided for each field-replaceable sub-unit, regardless of whether failure of the sub-unit affects the overall unit performance. If the list of predominant failure modes changes, Seller shall immediately notify Purchaser; and

(iii) Seller shall promptly notify Purchaser of any proposed changes in design, materials, or sourcing and shall not implement any such changes without Purchaser's prior written consent.

(iv) Seller shall promptly notify Purchaser of any change in running failure rate during manufacturing testing of components, subassemblies, or finished systems, that is more than one standard deviation away from the monthly mean for the relevant product, during the time that the product sold to Purchaser is manufactured. Any failure rates greater than 1000 ppm should be presented to the Purchaser.

(v) Seller shall provide all compliance data requested by TE for Seller's products at the time requested by TE or no later than purchase. Failure to fulfil any compliance obligation or remediate such failure promptly at TE's request shall be cause for termination of all Orders and contract for any applicable products.

8. Patent and other IP Indemnity

Notwithstanding the specifications, drawings, samples and other descriptions furnished by Purchaser, Seller warrants that the items and the sale or use thereof by Purchaser or any transferee will not infringe any U.S. or foreign Letters of Patent, copyrights, trade secrets, trademarks or other intellectual property rights ("IPR"). Seller shall defend, indemnify, protect and hold harmless Purchaser, its successors and assigns, customers and users of the items, from and against any and all claims, damages, losses, liabilities, and expenses, including reasonable attorney's fees and costs, resulting from any IPR infringement claim or allegation related to the items. If Purchaser has reason to believe that the use, sale, transfer, or other disposition of items or any part thereof is likely to be enjoined by a court, Seller at no expense to Purchaser shall promptly (i) obtain for Purchaser the right to use, sell, transfer or otherwise dispose said items, and (ii) if (i) is not

possible, replace or modify such items with equivalent non-infringing items acceptable to Purchaser that have substantially the same form, fit and function. If Seller is unable to perform the above two options (i) and (ii) promptly, Purchaser, at its option and Seller's expense, may purchase replacement items from other sources and return any infringement items at its possession to Seller. Seller shall extend the benefit of this provision to Purchaser's successors, assigns, and customers. Seller shall not enter into or acquiesce to any settlement containing any admission of or stipulation to any guilt, fault, liability or wrongdoing on the part of Purchaser or which would otherwise adversely affect Purchaser without Purchaser's prior written consent.

9. Counterfeit Parts/Materials

9a. Definitions.

"Counterfeit Goods" shall mean items, including any material, part, component, module, or assembly of such items, whose description, origin, material, source of manufacture, performance, or characteristics are misrepresented. This term includes items that (i) are an unauthorized copy or substitute of an Original Equipment Manufacturer or Original Component Manufacturer (collectively, "OEM / OCM") item; (ii) are not traceable to an OEM / OCM sufficient to ensure authenticity in OEM / OCM design and manufacture; (iii) do not contain proper external or internal materials or components required by the OEM / OCM or are not constructed in accordance with OEM / OCM design; (iv) have been re-worked, re-marked, re-labeled, repaired, refurbished, or otherwise modified from OEM / OCM design but not disclosed as such or are represented as OEM / OCM authentic or new; or (v) have not passed successfully all OEM / OCM required testing, verification, screening, and quality control processes.

"Authorized Distributor" shall mean a person, business, or firm that is expressly authorized or franchised by an OEM / OCM to sell or distribute the OEM / OCM's products.

9b. Seller shall not furnish to Purchaser any items under this Order that are or contain Counterfeit Goods.

9c. Seller shall establish, implement and maintain a documented Counterfeit Materials and Parts Prevention system in accordance with Industry Standard AS-5553A as a guideline. Such system shall be adequate to prevent the delivery of counterfeit materials and/or parts and to control materials and parts identified as counterfeit to ensure that items furnished to Purchaser are not Counterfeit Goods. Seller's system shall include, but is not limited to, the direct procurement of items from only OEM / OCM's or their Authorized Distributors and conducting approved testing or inspection to ensure the authenticity of items. Seller shall not acquire items from any source other than OEMs / OCMs or their Authorized Distributors unless first approved in writing by Purchaser's Procurement representative. Seller must present complete and compelling support documentation for its request and include in its request all actions Seller will take to ensure the items thus procured are not Counterfeit Goods. Purchaser's approval of Seller's request does not relieve Seller of its responsibility to comply with all requirements of this Order, including those contained in this section. Seller shall make available immediately to Purchaser, at Purchaser's request, OEM / OCM and other documentation that authenticates traceability of the items to that applicable OEM / OCM.

9d. If Seller becomes aware or has reason to suspect that it has furnished Counterfeit Goods to

Purchaser, Seller immediately shall notify Purchaser and replace, at Seller's expense, such Counterfeit Goods with OEM / OCM's or Purchaser-approved items that conform to the requirements of this Order. Seller shall be solely liable for all costs related to the replacement of Counterfeit Goods and any testing or validation necessitated by the installation of authentic items after Counterfeit Goods have been replaced. The remedies contained in this article are in addition to any remedies Purchaser may have at law, equity, or under other provisions of this Order.

9e. Seller shall solely bear the responsibility for procuring authentic items from its suppliers and subcontractors and shall flow down the requirements of this section to its suppliers and subcontractors at any tier for the performance of this Order.

10. Critical Components

10a. Seller shall warrant and represent that in the event (1) this Order is terminated in whole or in part by Purchaser for cause, in accordance with its terms; or (2) Seller is unable or unwilling to comply with any material term of this Order including, without limitation, any term relating to delivery dates, product quality, etc.; or (3) Seller is unwilling or unable to maintain pricing that is competitive in the marketplace; or (4) Seller becomes insolvent, files or has filed against it a petition in bankruptcy, makes a general assignment in favor of its creditors or is otherwise financially at risk, as determined by Purchaser, then Seller shall grant to the Purchaser or to any third party designated by the Purchaser, to the extent that the Seller is entitled to do so, an irrevocable and non-exclusive license(s) to:

(i) manufacture the item and have the item manufactured solely for the Purchaser's consumption and use thereof as envisioned under this Order;

(ii) use and have used any Background IP and Foreground IP in connection with the item. Whatever the date of signature of the license agreement(s), the said license shall be deemed to take effect on the effective date of termination and shall remain in full force for the longer of three (3) years following the date of termination, or until the item is no longer required by Purchaser to satisfy Purchaser's contractual commitments. Purchaser shall notify the Seller in writing in the event of early termination of any license issued hereunder;

(iii) in the manner and to the extent directed by the Purchaser, supply, without any disruption to program requirements, to the Purchaser or to any third party designated by the Purchaser: all technical dossiers, software, information, data and all Seller's tooling directly related to the manufacture of products. The supply shall be at no cost to the Purchaser or to such third party except in the case of termination by Purchaser for convenience, in which case the supply shall be on fair and reasonable terms to be agreed between the Parties in good faith. If the tools are not Seller's property, the Seller shall take, with respect to their owner and the law, all measures necessary to guarantee they shall be available to the Purchaser for the duration referenced in (a) above; at Purchaser's request, promptly transfer to Purchaser or Purchaser's designee all raw material, parts, equipment, etc. purchased from third parties by the Seller for the purpose of performing this Order so terminated. The transfer shall be at no cost to the Purchaser or to such third party;

(iv) in the event of termination for Seller's default reimburse all costs, expenses, losses and damages incurred by the Purchaser to remedy the Seller's default and all costs incurred by the

Purchaser in re-sourcing the work required to manufacture the products, as agreed to under the terms of this Order;

(v) for any termination of this Order for whatever reasons and as of the effective termination date, the Seller shall send immediately to the Purchaser, accompanied with evidence in documentary form, a status report regarding: (i) the Products completed, in stock in the Seller's premises; (ii) the Products in course of manufacture; (iii) if any, the stocks of raw material, parts, equipment, etc. purchased from third parties by the Seller for the purpose of performing the Orders so terminated; and (iv) the tools used by the Seller for the purpose of performing the Orders, and cease forthwith all operations relating to this Order in its facilities and in the facilities of its own Sellers and/or subcontractors; and terminate or transfer (as specified by the Purchaser) all sub-contracts and/or supply agreements and/or other operational agreements entered into by the Seller with any third party for the purpose of or in connection with this Order; and

(vi) use its best efforts to assist Purchaser in promptly identifying and establishing a qualified alternative source of supply.

11. Purchaser's Property

11a. Title to and the right to immediate possession of all tools, molds, dies, parts, supplies, jigs, fixtures, plans, drawings, specifications and all other equipment, materials and property that are furnished by Purchaser for Seller's use hereunder; or are procured, produced, manufactured or fabricated by Seller in connection with Seller's performance hereunder; or are in any manner paid for directly or indirectly by Purchaser (all of which is collectively referred to as "Purchaser's Property") shall at all times be and remain in Purchaser. Seller will ensure that at all times Purchaser's Property shall be and remain free and clear of any interest or claim on the part of Seller's creditors or other third parties. Seller waives any and all liens that it has or may acquire with respect to Purchaser's Property. Seller shall take all measures which Purchaser deems appropriate to perfect or evidence Purchaser's title to all Purchaser's Property, including without limitation executing and filing informational financing statements and other documents with respect thereto, and for such purpose, Seller hereby irrevocably appoints Purchaser as Seller's attorney-in-fact to execute all such documents in Seller's name and on Seller's behalf. Seller shall clearly mark or otherwise adequately identify all Purchaser's Property as belonging to Purchaser. Seller shall not transfer possession of any Purchaser's Property to any third party, or delegate or assign any of Purchaser's obligations with respect thereto, unless otherwise specifically agreed by Purchaser in writing.

11b. While any Purchaser's Property remains in Seller's possession, Seller shall at its sole expense maintain the same in good operating condition and repair and in compliance with all warranties contained herein. Seller shall be responsible for and shall bear all risk of loss or damage to all Purchaser's Property while in Seller's care, custody, possession or control, and shall insure such risks with full replacement value fire and extended coverage insurance reasonably satisfactory to Purchaser and include Purchaser as Loss Payee under Seller's Property Insurance Policy and provide waiver of subrogation in favor of Purchaser. All costs incurred by Seller to insure Purchaser's assets shall be at the expense of Seller, including the funding of all deductibles and/or self-insured retentions.

Unless otherwise agreed by Purchaser in writing, Seller will use all Purchaser's Property solely and exclusively to perform for Purchaser's benefit hereunder, and not for the benefit of any other party.

In the event that Purchaser's Property is used for any purpose prohibited by this paragraph, this Order shall be automatically terminated and Seller shall be responsible for any and all losses and damages caused, notwithstanding any criminal proceedings which may be brought.

11c. Seller, as a material part of the consideration hereunder, hereby assumes all risk of damage to property or injury to persons arising from its use of all Purchaser's Property. Seller shall indemnify Purchaser from and hold Purchaser harmless against any and all claims arising from Seller's use of all Purchaser's Property, including all attorney's fees, expenses and liabilities incurred in the defense or settlement of any such claims, and, in the event of any claim against Purchaser by an employee or agent of Seller, Seller's liability and indemnification obligation hereunder shall not be limited by any amount recoverable by such persons under worker's compensation or similar applicable law. Seller shall maintain such liability insurance with respect to its obligations under this paragraph, provide waiver of subrogation in favor of Purchaser and include Purchaser as Additional Insured under Seller's Liability Insurance Policy. Purchaser's insurance requirements are not a limitation of liability.

11d. Purchaser shall have the right to recover immediate possession of all Purchaser's Property at any time, with or without cause, and without any additional charge or fee being assessed to Purchaser by reason of such recovery. Upon Purchaser's request, Seller shall deliver all Purchaser's Property to Purchaser, FOB Seller's dock, in good condition and repair, normal wear and tear only excepted. Seller grants to Purchaser the unconditional right to enter upon Seller's premises during normal business hours upon twenty-four (24) hours' notice to recover Purchaser's Property.

12. Purchaser's Design

If the items or parts thereof, contracted for hereunder, are of Purchaser's design, the Purchaser retains title and ownership rights in such design and Seller shall not reproduce for others any such item or parts thereof without the prior written consent of Purchaser, nor shall Seller supply or disclose to others any information regarding such items or parts thereof, nor incorporate in other items or articles any special feature of design or manufacture, considered by Purchaser to be peculiar or unique to the items or parts thereof, contracted for hereunder, without such prior written consent.

13. Invention or Improvement

Any invention, improvement, and/or copyrightable works resulting from or arising out of performance by Seller or Seller's employees or agents under this Order, which performance has been funded by Purchaser, shall be the sole property of Purchaser and considered "works made for hire." To the extent any of the above may not constitute "works made for hire" under any local laws or for any other reasons, Seller hereby expressly assigns and agrees to assign its entire right and interest to such invention, improvement, and/or copyrightable works to Purchaser. Seller shall notify Purchaser promptly of any such invention, improvement, and/or copyrightable works within thirty (30) days of its conception, discovery or existence.

14. Payment Terms and Discount

14a. The payment terms governing this Order shall be shown on the face of this Order. The time in connection with any payment or discount offered Purchaser will be computed from the date of

the goods are received or services rendered, or from the date the correct invoice or voucher is received by Purchaser's Accounts Payable Department, plus Purchaser's receipt date of all accurate supporting documents required in Section 33a (i-xi), below, if the latter date is later than the aforesaid date of receipt. Purchaser may, at its election, choose not to utilize or enforce any applicable net term discount without such action being construed as a waiver of Purchaser's right to enforce such discount on future Orders. Payment will be the currency stated in the Order. All Orders may be subject to Evaluated Receipts Settlement (ERS) settlement. Should Seller prefer an alternate method, the Parties must discuss and agree to such an alternative in a written agreement. Paper invoices will be assessed a processing fee of \$10.00 per invoice to be billed periodically by TE to the Seller and reduced from the next payment. Paper invoices will only be accepted where local regulations do not allow self-billing (e.g. ERS or Consignment) or electronic invoicing.

14b. Purchaser shall not be liable for, and Seller shall waive its right to claim payment of, any fees, costs, taxes and expenses arising out of this Order for which Purchaser does not receive an invoice within ninety (90) days after the date such invoice should have been provided to TE in accordance with this Section 14.

15. Set Off

Any monies due Seller by Purchaser for any items furnished hereunder may, at Purchaser's option, be applied to the payment of any sums owing by Seller to Purchaser.

16. Assignment and Delegation

Seller may not assign, subcontract, pledge, or in any manner encumber Seller's rights under this Order or delegate its performance hereunder without Purchaser's written permission. Seller shall be responsible to Purchaser for all work, as defined in this Order, performed by Seller's subcontractors at any tier.

17. Changes/Stop Work Order

Purchaser may, at any time, by written notice make changes within the general scope of this Order in the specifications, designs, drawings, quantity ordered, methods of shipment, packaging, or place or time of delivery. If any such changes cause an increase or decrease in the cost of or the time required for the performance of any part of the work under this Order, an equitable adjustment shall be made in the price or delivery schedule, or both, and this Order shall be modified in writing accordingly. Any claim by Seller for an adjustment must be made in writing within thirty (30) days of the receipt of any such notice. Nothing contained herein shall relieve Seller from proceeding without delay to perform this Order as changed.

18. Obsolescence, Diminishing Sources, and Discontinued Products

18a. Upon determination by the Seller, that a process/component required in the delivery of the item(s) ordered hereunder is unavailable, through no fault of Seller, during the performance of this Order due to obsolescence or diminishing sources, or that such process/component is discontinued, Seller shall immediately notify the Purchaser of this condition or intention. The Seller shall immediately define the shortage or pending obsolescence/discontinuance by providing the Purchaser with (a) satisfactory evidence that its best efforts were made to obtain the affected parts

required to meet current contractual requirements and that Seller initiated preliminary investigation of alternate parts (i.e. parts that are technically and physically compatible with hardware design); (b) identify / propose any potential third party Seller capable of supplying enough parts in the current year to meet the total contractual requirements; and (c) offer Purchaser an opportunity for a life-time buy of the affected product beyond the current contractual requirement, to include price and availability information. The forgoing is in addition to Seller's other obligations pursuant to this Order and shall in no event relieve Seller from any liability to Purchaser for any damages arising as a result of any failure by Seller to fully comply with the terms of this Order.

18b. If, there are insufficient parts to meet current contractual requirements, the Purchaser may, in addition to any other rights and remedies available to it under this Order or applicable law take one or more of the following actions: (a) assist Seller with the procurement from a third party Seller of enough parts to meet current contractual requirements; (b) authorize the procurement of the life-time buy parts; or (c) terminate this order for default.

18c. Seller acknowledges and agrees that a consistent and reliable source of supply is of utmost importance to Purchaser. Seller further acknowledges that it has been selected by Purchaser in part due to Seller's willingness to maintain a reliable and consistent source of supply to Seller for the product ordered hereunder. Therefore, Seller covenants and agrees, by accepting this Order, to use its best efforts to maintain the ability to fulfill future orders placed by Purchaser for any of the products subject to this Order for a period of at least twelve months following the last delivery date specified under this Order. If Seller anticipates any difficulty in meeting Purchaser's demand for any such product during such twelve month period (based on forecasts submitted by Purchaser, whether binding or otherwise, or, if no such forecasts are available, then based on Purchaser's purchasing history of the applicable product for the past two years), then Seller shall immediately provide written notice of any such anticipated difficulty and shall use best efforts to remediate such difficulty to ensure an uninterrupted source of supply for Purchaser. Seller acknowledges that this provision is a material term of this Order, and shall defend, indemnify and hold harmless Purchaser from and against any and all losses, costs, expenses, claims and damages related to or arising out of Seller's failure to fully comply with this provision.

19. Termination

19a. In addition to all of the other rights which Purchaser may have to cancel this Order, Purchaser shall have the further right, without assigning any reason therefore, to terminate any work hereunder, in whole or in part, at any time. Purchaser will not be liable to Seller for any costs for completed items, items in process or materials acquired or contracted for, if such costs were incurred more than the permitted number of days prior to the delivery dates as stated on the face of this Order or, if none is stated, thirty (30) days. If Purchaser cancels this Order within such time as specified on the face of this Order or, if none is stated, thirty (30) days, and if the parties cannot agree within a reasonable time upon the amount of fair compensation to Seller for such termination: (a) Purchaser will pay the contract price for all items reasonably completed in accordance with this Order and not previously paid for unless said item(s) is part of Seller's standard commercial items, and (b) Purchaser will pay a fair and proper proportion of the contract price for items in process and for all materials acquired or contracted for within the time specified on the face of this Order for the purpose of fulfilling this Order which Seller is unable to cancel, return or otherwise use in Seller's operations. Should Purchaser so desire, cancellation charges

shall be subject to Purchaser's audit at Purchaser's expense.

19b. Purchaser's ability to terminate this Order for cause shall be immediate and without prior written notice, in the event of any of the following by Seller: (i) a breach of any covenant, representation or warranty hereunder; (ii) in the event of (a) any change in the active management or ownership of Seller or (b) the sale, transfer or other disposition of all or substantially all of the assets of Seller or any affiliate, division or unit of Seller, either of which Purchaser, in its sole discretion, believes may have an adverse effect on Seller's ability to fulfill its obligations under this Order; or (iii) (a) any proceeding in bankruptcy, reorganization or arrangement for the appointment of a receiver or trustee to take possession of Seller's assets or any other proceeding under any law for relief from creditors shall be instituted by or against Seller (and such proceeding is not dismissed within sixty (60) days from the filing date); or (b) if Seller shall make an assignment for the benefit of its creditors.

20. Indemnification/Insurance

In the event Seller, its employees, agents, subcontractors and/or lower-tier subcontractors enter premises occupied by or under the control of Purchaser in the performance of this Order, Seller agrees that it will indemnify and hold harmless Purchaser, its officers and employees from any loss, costs, damage, expense or liability by reason of property damage, including, but not limited to, theft, or personal injury of whatsoever nature or kind arising out of, as a result of, or in connection with such entry. Seller, its subcontractors and lower-tier subcontractors shall produce and maintain workers' compensation, comprehensive general liability, bodily injury and property damage insurance in reasonable amounts, and such other insurance as Purchaser may require and shall comply with all site requirements. Seller shall provide Purchaser thirty (30) days' advance written notice prior to the effective date of any cancellation or change in the term or coverage of any Seller required insurance. If requested, Seller shall send a "Certificate of Insurance" showing Seller's compliance with these requirements. Seller shall name Purchaser as an additional insured for the duration of this Order. Insurance maintained pursuant to this clause shall be considered primary with respect to the interest of Purchaser and is not contributory with any insurance with Purchaser may carry. Seller agrees that Seller, Seller's insurer(s) and anyone claiming by, through, under or in Seller's behalf shall have no claim, right of action or right of subrogation against Purchaser and its customers based on any loss or liability insured against under the foregoing insurance. Purchaser shall be included as an Additional Insured on Seller's Liability Insurance Policies. Amount of insurance required by Purchaser, and maintained by Seller is not a limitation of liability. Insurance policies written on claims-made form will contain a retro-active date that precedes the effective date of this Order, and Seller shall arrange for extended reporting period to provide adequate time for reporting losses.

21. Compliance with All Laws and TE Code of Conduct

21a. Seller warrants, and it is a condition of this Order, that all performance hereunder shall be in accordance with all applicable national laws, regulations and orders. Seller also warrants their understanding of, agreement to, and conformance to the *TE Guide to Supplier Social Responsibility*, TEC-1015, as well as all documents referred to therein, located on the TE Supplier Portal at <https://supplierportal.te.com>.
